

EyePOS — Account Inventory Solution

Run the counter. Close the books. Both in real time.

EyePOS **unifies** point-of-sale billing, inventory control, and full-stack accounting on one platform — with **GST**, **e-invoicing**, and **e-way bill compliance** baked in. Built for multi-location retailers, wholesalers, and service businesses that want **one source of truth** instead of three disconnected tools.

Powered by **Infizia** · Infinite Intelligence

Empowering Businesses with Digital Solutions

INFIZIA is a forward-thinking technology solutions provider specializing in cutting-edge **AI-powered web and mobile app development**, empowering businesses with custom digital solutions that enhance their online presence and streamline operations for greater efficiency and scalability.

We go beyond traditional development by integrating emerging technologies like blockchain, offering secure and transparent data handling, smart contract development, and decentralized applications (dApps) that enable organizations to build **trustworthy, future-ready ecosystems**.

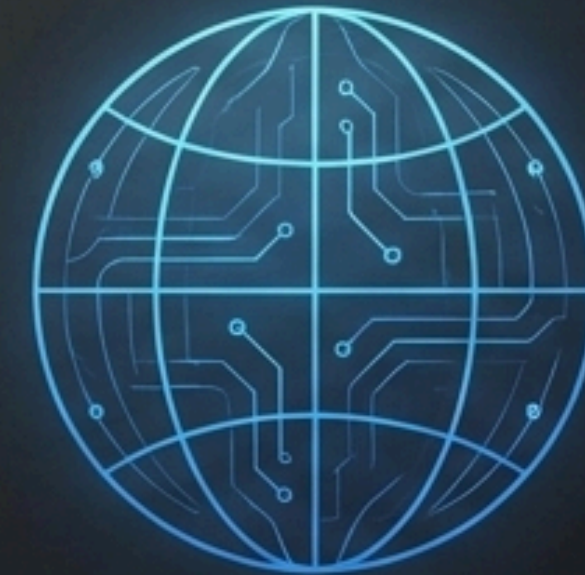

Driven by Infinite Intelligence

Mission

To empower businesses with cutting-edge digital solutions that drive efficiency, engagement, and growth.

Vision

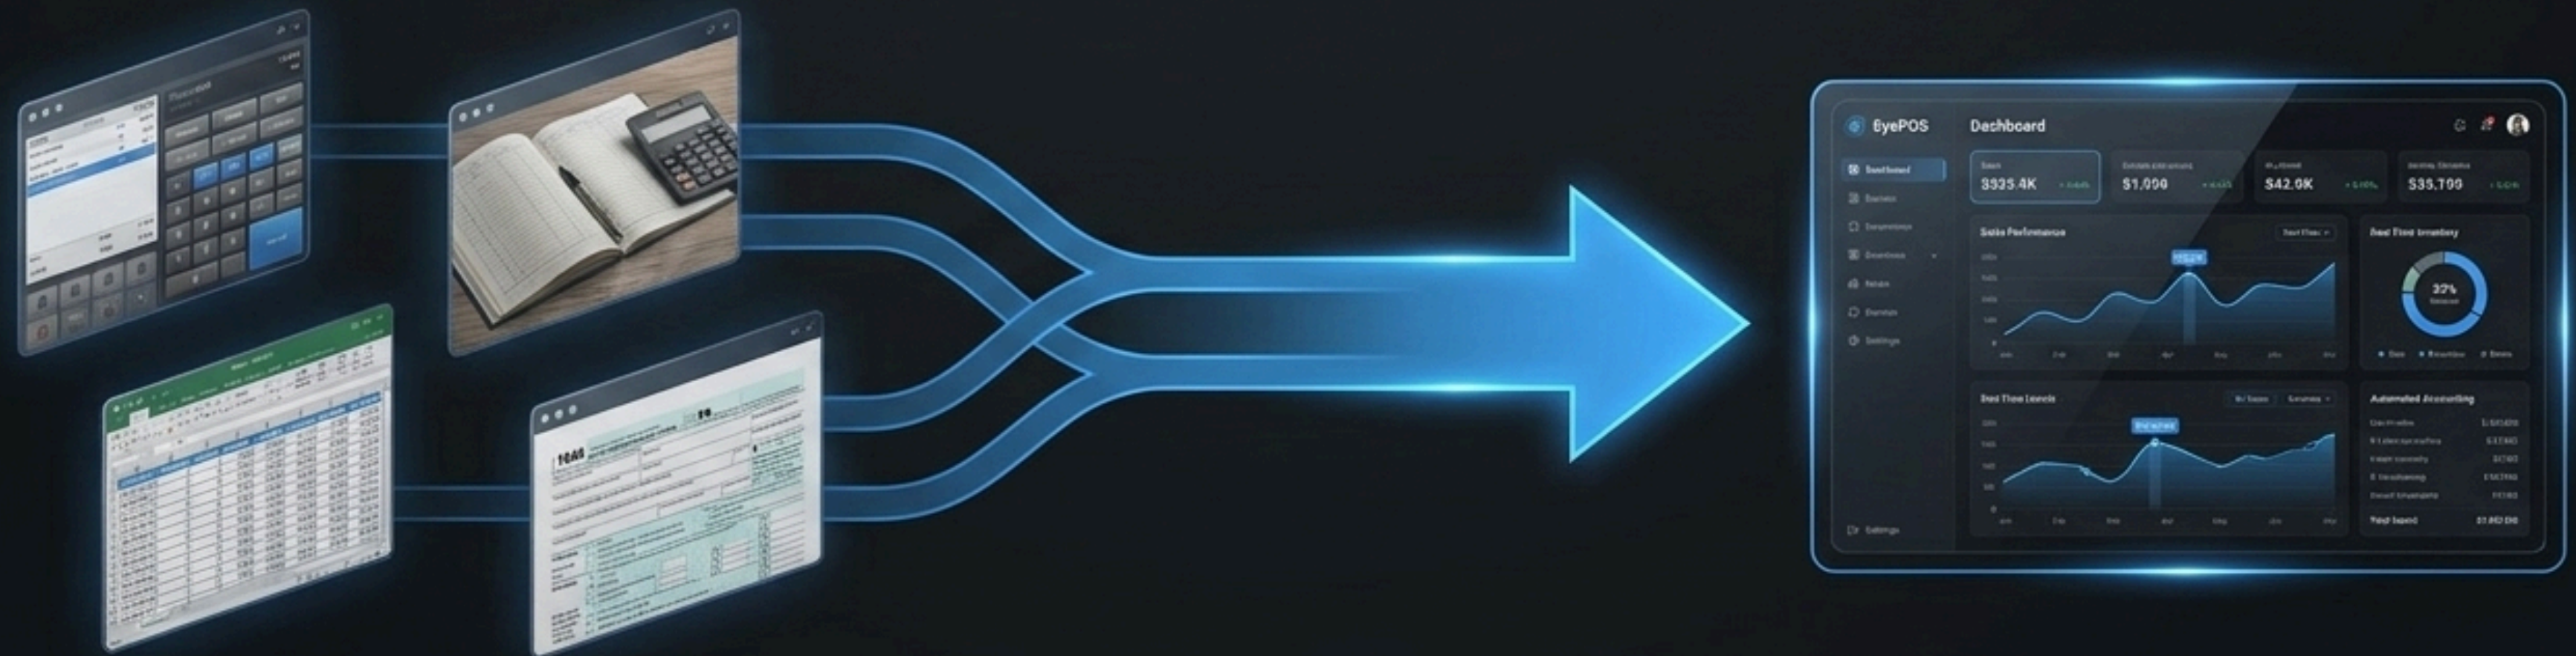

To be a globally recognized tech company known for its excellence in web and mobile application development, delivering high-impact solutions that transform businesses with infinite intelligence.

Unifying point-of-sale, inventory, and accounting into a single ecosystem.

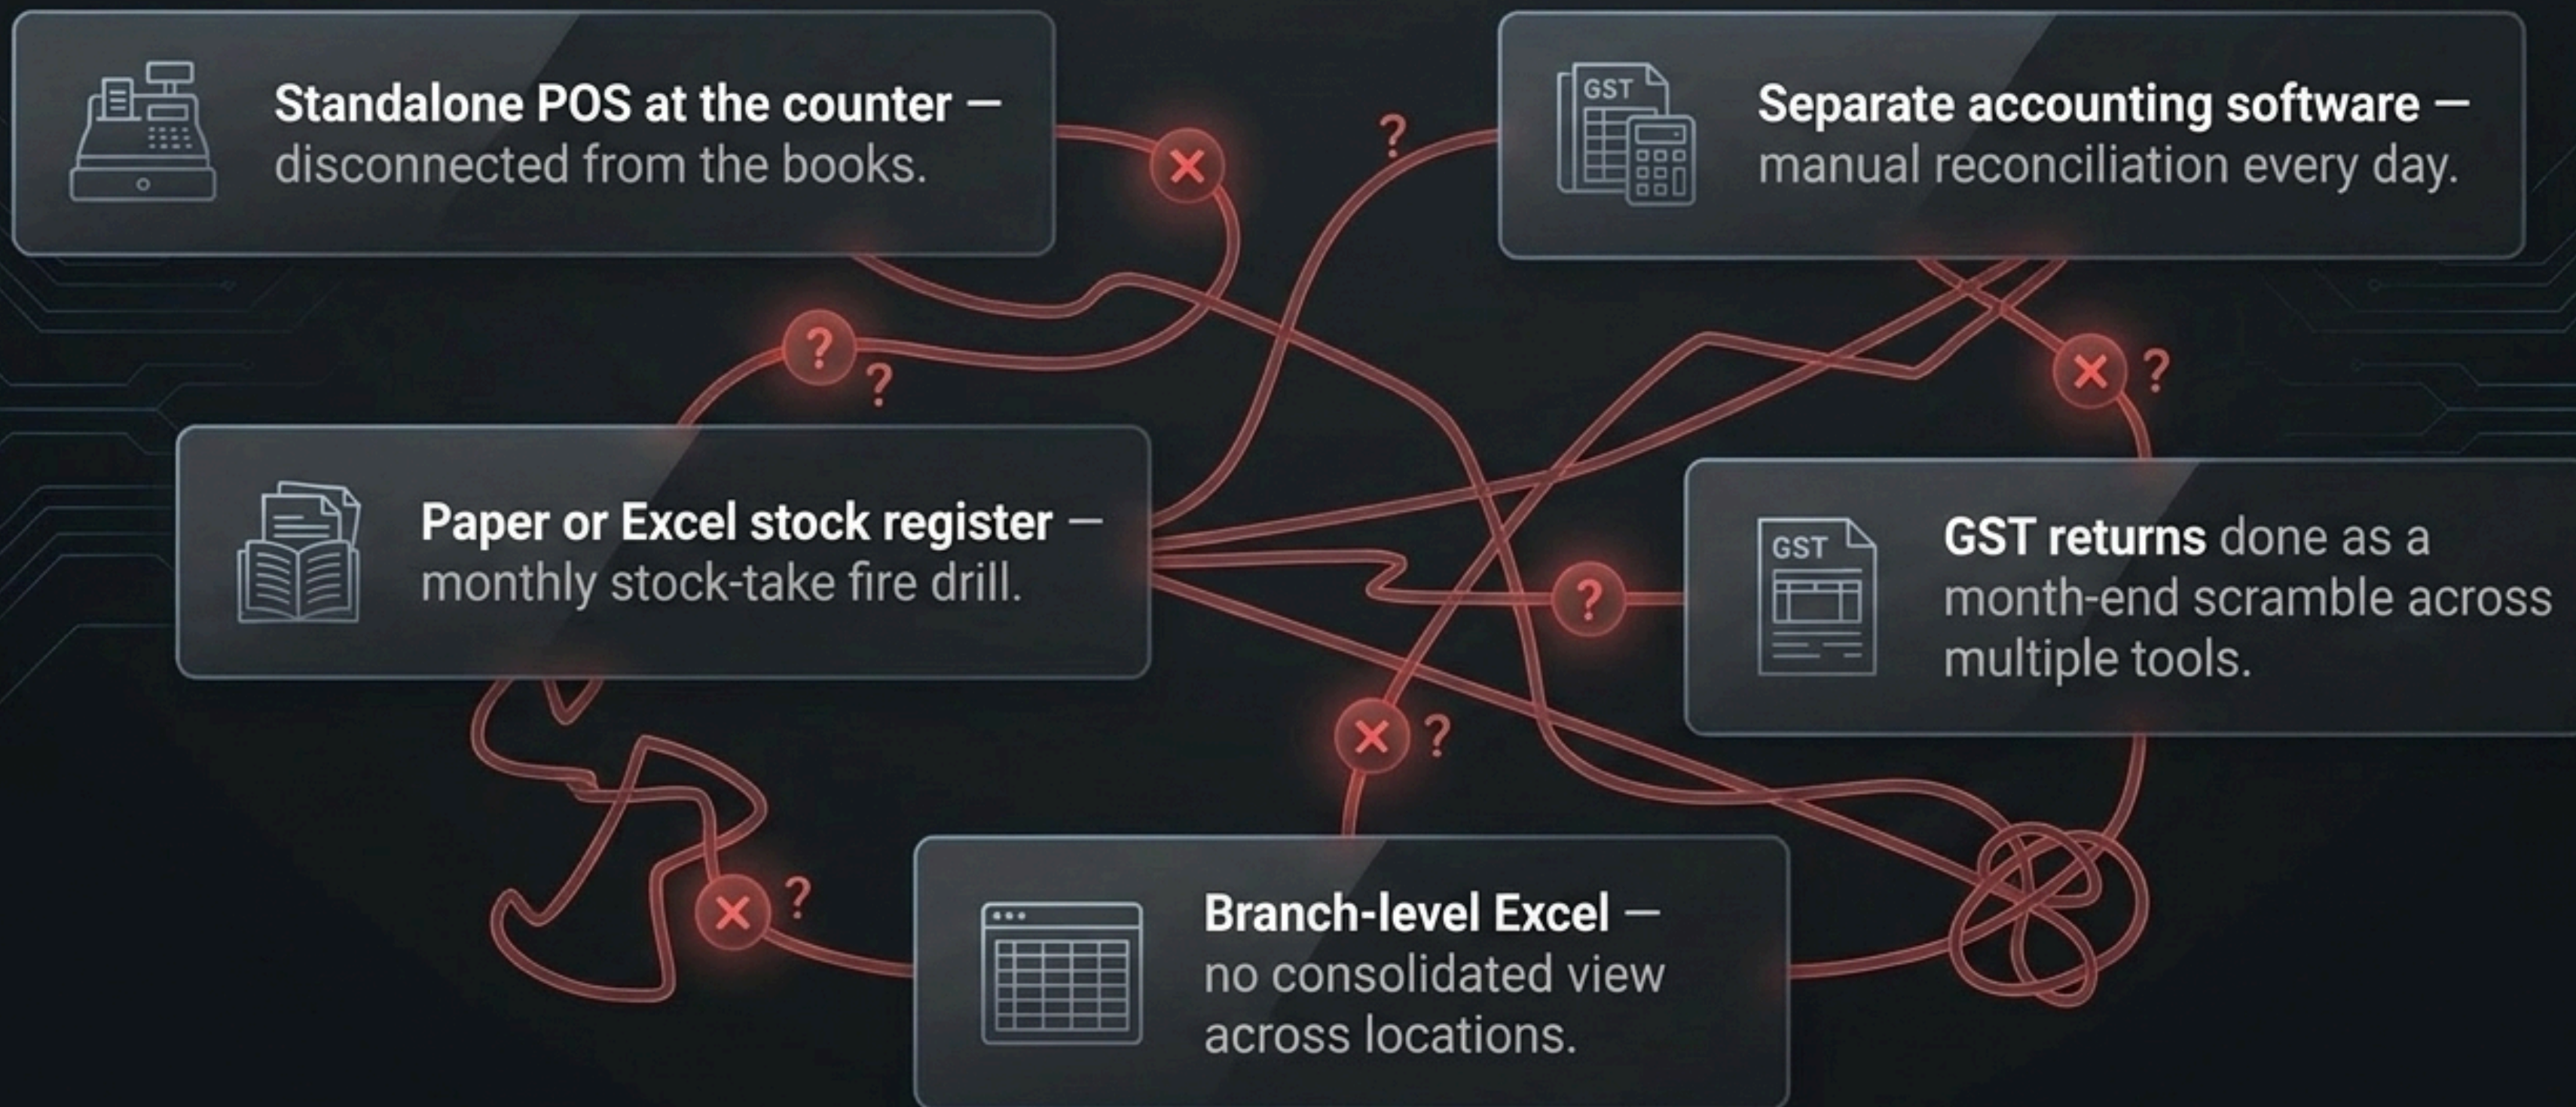

EyePOS is an AI-driven platform purpose-built for multi-location businesses. Most operations run a standalone POS at the counter, separate accounting in the back office, and a paper or Excel stock register on the floor. Sales don't reconcile in real time, stock levels drift, and GST filings become a month-end fire drill.

EyePOS collapses all three onto one platform, leveraging AI forecasting and natural-language reporting to ensure every sale posts straight to the books and stock stays honest.

Fragmented back-office tools create daily bottlenecks.

Counter View

The Counter View interface displays a sales receipt with the following items:

| Item ID | Quantity | Amount |
|-------------------|----------|----------|
| Branch mndt | 100 | \$0.00 |
| Goodrarter | 91 | 8:00 |
| Customer Account | 1 | 2.00 |
| Item A - \$130.00 | 1 | \$130.00 |
| Item B - \$85.00 | | \$85.00 |

The receipt also shows a subtotal of \$225.00, tax (GST) of \$20.60, and a total of \$225.50. A 'PAY' button is visible at the bottom right.

Counter View

Books View

The Books View interface displays a Sales Account ledger with the following entries:

| Debit | Debit | Credit | Credit |
|---------------|-----------------|-----------------|-----------------|
| (Bank) | \$225.50 | (Sales Revenue) | \$205.00 |
| | | (GST Payable) | \$20.50 |
| Total: | \$225.50 | Total: | \$225.50 |

Books View

Inventory View

The Inventory View interface displays a Stock table with the following items:

| Item ID | Description | Stock Qty | Location | Status |
|---------|-------------|-----------|-------------|-----------|
| A101 | Item A | 99 (-1) | Warehouse 1 | Available |
| B202 | Item B | 49 (-1) | Warehouse 2 | Low Stock |
| | | 99 (-1) | Warehouse 1 | Available |
| B202 | Item B | 49 (-1) | Warehouse 2 | Low Stock |

A blue arrow points from the 'PAY' button in the Counter View to the 'Low Stock' status of Item B in the Inventory View.

Inventory View

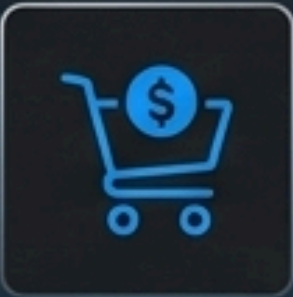

- ✓ One seamless platform for the counter, books, and GST.
- ✓ Branch-wise dashboards with real-time P&L per location.
- ✓ Auto-posted journal entries from every counter sale.
- ✓ Multi-warehouse inventory — order-point suggestions.
- ✓ Multi-warehouse inventory — stock decrements with every bill.
- ✓ GST, e-invoicing, and e-way bill compliance built in.
- ✓ WhatsApp-native digital receipts and customer reorder nudges.
- ✓ AI demand forecasting and reorder-point suggestions.

Counter to Books
— in Real Time

Fast, offline-resilient checkout at the counter.

EyePOS delivers **fast counter checkout** with **barcode scanning**, **multi-payment modes** (cash / card / UPI / split), customer lookup, **returns, and exchanges**. **GST is auto-applied** to every line item and the **e-invoice IRN** is generated on the bill itself. No separate reconciliation, no end-of-day mismatch.

The screenshot displays the EyePOS checkout interface with the following components:

- Cart:** A list of items including Product A (\$500.00), Product B (\$22.50), and Product C (\$85.00). The total is \$550.00.
- Customer Information:** Jane Doe, JaneDoe@its.com.
- Tax Breakdown:** Subtotal: \$500.00, CGST (9%): \$22.50, SGST (9%): \$22.50, Total Tax: \$45.00.
- Payment Options:** CASH, CARD, UPI, SPLIT PAY.
- Total Payable:** \$550.00.
- Action:** PAY button.

| Item | Quantity | Price |
|---------------|----------|-----------------|
| Product A | 1 | \$500.00 |
| Product B | 1 | \$22.50 |
| Product C | 1 | \$85.00 |
| Total: | | \$550.00 |

| CGST (9%): | \$22.50 |
| SGST (9%): | \$22.50 |
| Total Tax: | \$45.00 |
| e-invoice IRN: | generated |

Total Payable: **\$550.00**

PAY

Every sale automatically updates inventory and reconciles the books.

INFINIZIA
INFINITE INTELLIGENCE

Inventory & Stock Control

Multi-warehouse tracking with batch numbers, expiry dates, and serial numbers. **Automated** low-stock alerts and stock transfers with full audit trails.

| Item | Quantity | Status | Action |
|--------------------------|----------|-----------|--------|
| Laptop X (SN: 1234) | 50 | Low Stock | ... |
| Smart Watch (Batch: B99) | 100 | In Stock | ... |

Integrated Accounting

Auto-posted journal entries from every counter sale. Sales account credit, GST output credit, and payment debit post in real time. Books reconcile themselves.

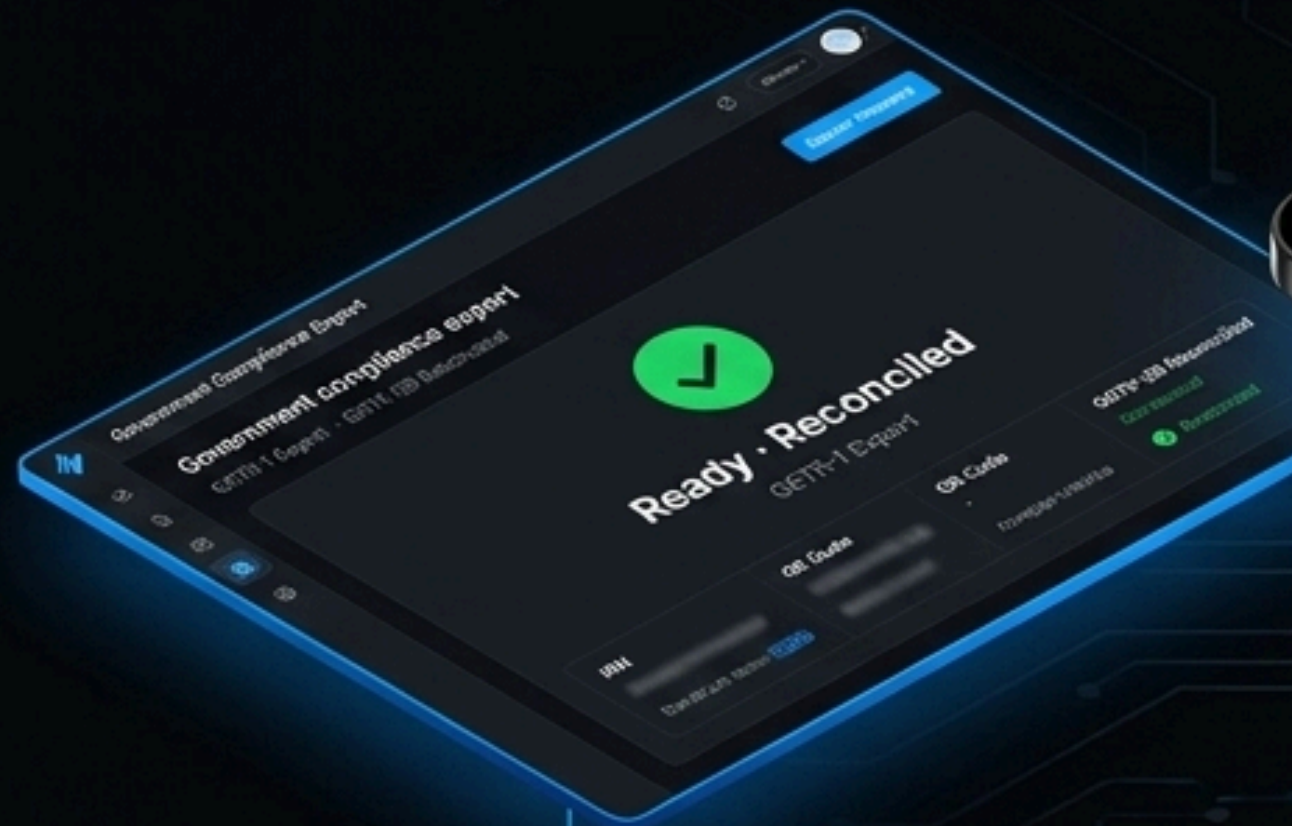

| | | |
|----------|----------|-------------|
| Sales Cr | \$500.00 | 02:25:37 AM |
| GST Cr | 250.00 | 02:25:30 AM |
| UPI Dr | \$50.00 | 02:25:32 AM |
| Cash Dr | 1,000.00 | 02:28:35 AM |
| Bank Dr | \$0.00 | 02:25:33 AM |

Books, Reconciled

Bank reconciliation, P&L, balance sheet, and cash-flow on one click. Party ledgers and outstanding aging reports built in.

Built-in compliance, digital receipts, and centralized multi-branch control.

GST + e-Invoicing

e-invoice IRN generation, QR code printing, and GSTR-1 / 3B export reconciled to your books. Compliance becomes a click, not a fire drill.

WhatsApp-Native Receipts

Digital receipts, abandoned-cart prompts, and reorder nudges delivered on WhatsApp Business. Customers keep a searchable record of every purchase.

Multi-Location Dashboards

Branch-wise dashboards with role-based access, centralized pricing, and location-level P&L. Manage 1 store or 100 from a single console.

One platform. One source of truth. From the counter to the books in real time.

POS billing, inventory, accounting, GST, multi-location, and customer comms — all unified. Every counter sale posts to the journal in milliseconds. Stock decrements live. WhatsApp receipts go out automatically. Books are clean by 8 PM, every day. The day's Z-report is always one click away. EyePOS replaces three disconnected tools, running the back office while the counter runs the customer.
